FROM THE PRINCIPAL'S DESK:
EVALUATING PROGRESS AND PLANNING FOR NEXT YEAR

As we complete our 29th year as a Dual Immersion program, we have much to be thankful for. We have a strong instructional model, generous financial resources, a talented and dedicated staff, and a great and involved community of learners and families to serve. We also have strong student achievement – far above state and county scores and on par or above student achievement in our high-scoring district. Not only are our instructional program and student demographics are quite different from the rest of SMMUSD, but our students also receive the gift of two languages. We have a new facility with great technology and enough room for our many enrichment programs.

But high achievement doesn't happen by accident or by resting on our laurels. It takes hard work, reflection, on-going assessment, strategic professional development, and an involved parent community. There are three pieces of this process that are especially important in May.

Assessment of Student Progress – Assessment is an integral part of teaching throughout the year. We assess to adjust our teaching, identify needs for something more or different (intervention and/or acceleration) and to give parents good information about progress. There is a fair amount of year-end assessment happening throughout May. Sometimes we can do this during regular class time (having children produce a piece of writing, or complete an in-class assessment). But at some grade levels, we need to assess one child at a time -- which requires a substitute to keep instruction going while the teacher assesses.

Reflecting and Evaluating our Professional Development (PD) -- Each year we work to improve our practice and continue learning about the most powerful ways to promote student growth. This year we have focused on writing (in Spanish and English), Cognitively Guided Instruction (CGI) in math, strengthening our work as a Professional Learning Community (PLC), and building academic language and vocabulary in both languages. We've done this during our Wednesday banked time, by having coaches work with teachers in the classrooms, during our common planning time, and sometimes by subbing teachers out for part of the day to work together. We're wrapping up our PD initiatives, collecting our final data, reflecting on our growth and needs as professional educators, and planning for how to keep moving forward next year.

Seeking Parent Feedback – You are also an important part of our work. We hold several parent meetings each year to share data and gather input for our site plan. The five elected parent representatives to Site Council also study achievement data, learn about instructional methods, and observe instruction to provide informed input to the Site Plan. **And each year we have an Edison Parent Survey** to give everyone an opportunity to share their ideas and needs. **The most meaningful feedback comes when we hear from EVERYONE, so please complete the survey between 5/11 and 5/20**. Our goal is a 100% return!

DEL ESCRITORIO DE LA DIRECTORA:

Evaluando Progreso y Planeando para el Próximo Año

En lo que terminamos 29º año como Programa de Doble Inmersión, tenemos mucho que agradecer. Tenemos un modelo fuerte de instrucción, recursos económicos generosos, un personal talentoso y dedicado, y una gran comunidad involucrada de estudiantes y familias a quienes servir. También tenemos rendimiento estudiantil fuerte – mucho más alto que los resultados del condado y emparejados o más alto en nuestro distrito de alto rendimiento. No es que solamente nuestro programa de instrucción y demográficas estudiantiles sean diferentes del resto de SMMUSD, pero nuestros estudiantes reciben el regalo de dos idiomas. Tenemos una nueva instalación con gran tecnología y suficiente espacio para muchos de nuestros programas de enriquecimiento.

Pero alto rendimiento no ocurre por accidente ni por sentarnos descansando. Se toma trabajo duro, reflexión, constantes asesoramientos, desarrollo profesional estratégico, y el involucramiento de la comunidad de padres. Hay tres piezas de este proceso que son especialmente importante en el mes de mayo.

Asesoramiento del Progreso Estudiantil – El asesoramiento es una parte integral de la enseñanza a través del año. Asesoramos para ajustar nuestra enseñanza, identificar necesidades para algo más o diferente (intervención y/o aceleración) y para darles a los padres buena información sobre el progreso. Hay una buena cantidad de asesoramientos de fin de año ocurriendo durante el mes de mayo. A veces podemos hacer esto durante el tiempo regular de clases (haciendo que los niños produzcan una pieza de escritura, o completar un asesoramiento dentro de la clase). Pero algunos niveles de grado, necesitamos asesorarlos un niño a la vez – lo cual requiere un suplente para que la instrucción continúe mientras el maestro/a siga asesorando.

Reflejando y Evaluando nuestro Desarrollo Profesional (PD) – Cada año trabajamos para mejorar nuestra práctica y continuar aprendiendo sobre las maneras más poderosas de promover el crecimiento estudiantil. Este año nos hemos enfocado en escritura (en español y en inglés), Instrucción Guiada Cognitivamente (CGI) en matemáticas, fortaleciendo nuestro trabajo como una Comunidad Profesional de Aprendizaje (PLC), y creando lenguaje y vocabulario académico en ambos idiomas. Hemos hecho esto durante nuestro tiempo reservado los miércoles, teniendo a entrenadores trabajando con maestros en los salones, durante nuestro tiempo común de planear, y a veces proveyendo suplentes para los maestros por parte del día para trabajar juntos. Estamos completando nuestras iniciativas de PD, colectando datos finales, reflejando en nuestro crecimiento y necesidades como educadores profesionales, y planeando para cómo seguir adelante el próximo año.

Buscando Opiniones de Padres - Ustedes son una parte importante de nuestro trabajo. Tenemos varias reuniones de padrs cada año para compartir datos y conseguir opiniones para nuestro plan escolar. Los cinco padres elegidos al Concilio Escolar también estudian datos de rendimiento, aprenden sobre métodos de instrucción, y observan instrucción para proveer ideas informadas al Plan Escolar. **Y cada año tenemos una Encuesta de Padres de Edison** para darles a todos una oportunidad de compartir sus ideas y necesidades. **Las opiniones más significantes vienen cuando escuchamos de TODOS, así es que por favor completen la encuesta entre 5/11 y 5/20.** ¡Nuestra meta es el 100% entregada!

UPDATED LETTER

April 27, 2016

Dear Edison Families,

During the 2015-2016 School Year, Edison Elementary School has continued to use the Olweus Bullying Prevention Program. This is a well researched program that works to increase student safety by involving everyone on campus, and has been deemed effective by the United States Department of Education. Each year we survey our students about how they may be currently experiencing bullying behaviors at school. The best way for us to help the problem is to understand how, where, and when these issues are occurring at our school.

The survey is anonymous, confidential and voluntary. No names or any other identifying information is connected to the answers of the survey. We hope you will encourage your child to participate in the survey so that his/her opinion and knowledge can be part of the information gleaned from the survey.

The survey will be available for parents to view in the main office. If you or your child DO NOT want to participate in the survey, please complete the form below and return it to the office NO LATER THAN May 6, 2016. The surveys will be administered on the computer in mid-May in your child's classroom.

If you wish to view the survey results when they are available in August, you may do so at the school office. Our Bullying Prevention Committee (comprised of teachers, instructional assistants, yard teachers, CREST teachers, and parents) will be examining the survey results in detail to update our school wide discipline plan.

Thank you for your child's participation.
Sincerely,

Lori S. Orum

CARTA ACTUALIZADA

27 de abril, 2016

Estimadas Familias de Edison,

Durante el año escolar del 2015 – 2016 la Escuela Primaria Edison ha continuado a usar el Programa de Prevención en Contra de Intimidación Olweus. Este es un programa bien investigado que funciona para aumentar la seguridad involucrando a todos en la escuela, y ha sido reconocido como efectivo por el Departamento de Educación de los Estados Unidos. Cada año le hacemos una encuesta a nuestros estudiantes sobre cómo ellos puedan estar viviendo comportamientos de intimidación en la escuela. Le mejor manera para que ayudemos el problema es comprender cómo, dónde, y cuando estos problemas estén ocurriendo en la escuela.

La encuesta es anónima, confidencial y voluntaria. Ningún nombre ni información identificadora es conectada a las respuestas de la encuesta. La encuesta se llevará a cabo durante el periodo de educación física de su hijo/a. Esperamos que ustedes animen a su hijo/a a que participe en la encuesta para que su opinión y conocimiento puedan ser parte de la información colectada en la encuesta.

La encuesta estará disponible para que los padres la vean en la oficina principal. Si usted o su hijo/a NO desea participar en la encuesta, por favor complete la forma de abajo y entréguela a la oficina A MAS TARDAR EL 29 DE ABRIL, 2016. Las encuestas serán administradas la primer semana de mayo.

Si ustedes desean ver los resultados de la encuesta cuando estén disponibles en agosto, ustedes o pueden hacer en la oficina de la escuela. Nuestro Comité de Prevención de Intimidación (compuesto de maestros, asistentes de instrucción, maestros del patio, maestros de CREST, y padres) examinarán los resultados de la encuesta en detalle para actualizar nuestro plan de disciplina de la escuela entera.

Gracias por la participación de su hijo/a.
Sinceramente,

Lori S. Orum

Playwright Larissa FastHorse serves up a feast of culture with a side of satire in ***Urban Rez,*** Cornerstone's seventh play in The Hunger Cycle. ***Urban Rez*** becomes a hotbed of chaos when guests are presented with an opportunity that could change everything — federal recognition. This potentially lucrative offer threatens to upend familial bonds and relationships as community members are confronted with the insidious and absurd task of figuring out who's out and who's in. How far is the tribe's self-appointed leader willing to go to beat the system, stay out of jail, and protect what is sacred? You may not find fry bread at ***Urban Rez,*** but you will find a thought-provoking immersive theater experience that's sure to feed your curiosity.

THE HUNGER CYCLE

The Hunger Cycle is a series of nine world premiere plays exploring hunger, justice and food equity issues. Community Partners for URBAN REZ include: UCLA American Indian Studies Department, Red Circle Project, Rancho Los Alamitos, California State Parks, and Gabrielino / Tongva Springs Foundation at University High School.

SUMMER BREAK YOUTH TENNIS CAMP

For tennis players of all playing levels, ages 6-17.

Camp Director, Richard Goldenson, has been teaching tennis for the City of Santa Monica since 1996. Coach Goldenson is also a successful and winning college tennis coach. At the college level, Coach Goldenson's focus on sound fundamentals and movement and biomechanics training has helped numerous players earn All American honors.

As Camp Director, Coach Goldenson utilizes the same coaching methods and philosophy that have led to great success at the college level. In addition to the camps, which run during summer, winter and spring, Coach Goldenson conducts year-round classes to provide junior tennis players with a complete and comprehensive player development program.
